To be chosen by Baylor is to be among the best

We receive applications from some of the brightest students in America and across the world and select those who match our strengths and values.

WHERE BRIGHT STUDENTS EXCEL

Baylor has an international reputation for educational excellence and top-tier research. You'll be motivated by other talented students, and you'll work with award-winning faculty on research projects that will enhance your CV.

YOUR PATHWAY TO EXCELLENCE

The International Study Center provides a pathway to success at Baylor University. Located on campus, you'll be immersed in Baylor life from the start. When you progress fully to your degree program, you'll be ready to achieve your full potential.

THE BAYLOR FAMILY

Our caring community is united by school spirit, Christian values and a desire to achieve. Baylor has the family atmosphere of a small institution, with the world-class facilities and opportunities of a larger university. All faiths are welcomed, and the whole Baylor family shares a strong sense of morals, purpose and belonging.

Career Success

Your career success starts now, and the Baylor University Career Center is here to help. All Baylor students have access to a dedicated Career Success Professional assigned to their major as well as a variety of resources and tools to help identify and land a career by graduation.

YOUR PERSONAL CAREER PLAN

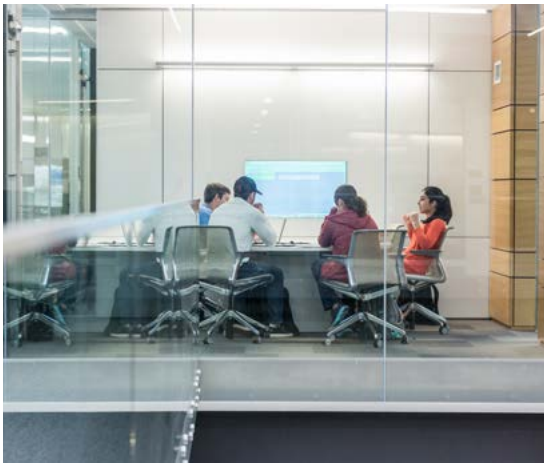

Each Career Service Professional (CSP) specializes in an academic area with specific majors. Your CSP will assist you in career discovery, resume development, internship and job searching, applications, interview preparation, networking, negotiations and more.

CORE EMPLOYABILITY SKILLS

We help you to develop core career skills such as planning, leadership, organization and communication. This lays the foundation for becoming a highly employable graduate by building your competence, capabilities and confidence.

AN ELITE NETWORK

When you graduate from Baylor, you'll become part of the university's elite global network, which will take you far in your chosen field.

"The internship that I did over the summer was with an investment company in Dallas. I got to learn a lot about the company. They threw us into projects straight away.

Mohit from UAE
Studying Management Information Systems with Entrepreneurship and Corporate Innovation

FAMOUS ALUMNI

MICHAEL BRANDT AND DEREK HAAS Co-authors of the movies Wanted, 3:10 to Yuma and 2 Fast, 2 Furious

JESS CAGLE Former editor of People Magazine

ANH "JOSEPH" CAO First Vietnamese American elected to Congress

JERRY CLEMENTS Named one of the "50 Most Influential Women in Law" in America by the National Law Journal

BRITTNEY GRINER WNBA National Champion, Olympic gold medalist, 6-time WNBA All Star, 1st pick overall in 2013 WNBA draft

MARK HURD Former CEO of Oracle Corporation; 2012 Baylor Legacy Award recipient

MICHAEL JOHNSON Winner of four Olympic gold medals and eight world championships in the 200m, 400m, and 400m relay

CAREER SUCCESS

Baylor students have achieved success in internships and jobs at top companies including:

- 3M
- Amazon
- AT&T
- BP
- Disney
- Ernst & Young (EY)
- ESPN
- ExxonMobil
- General Motors
- Google
- HP
- KPMG
- Lockheed Martin
- Oracle
- PricewaterhouseCoopers (PwC)
- Samsung
- San Antonio Spurs
- SpaceX

Your Future in Texas

Texas is the second largest state in the U.S. and has the second largest population. Baylor's location in Texas offers incredible potential for internships and employability.

With the 2nd largest economy in the nation, Texas is home to 50 Fortune 500 companies and more than 120 of the largest U.S. companies.

The state capital, Austin, is 90 minutes away from Baylor. It is one of the top 5 cities to visit in Texas, along with Dallas-Fort Worth, Houston and San Antonio, which are all within driving distance. Austin is one of the top rising tech hubs in the U.S. with more than 2,700 tech companies.

You will also find a wide range of tourist attractions and things to do during your free time here. National Parks such as Big Bend or Guadalupe Mountains, museums like the Bullock Texas State History Museum, the Houston Space Center, and historical sites including The Alamo make Texas an exciting place to explore.

Home in Waco

Live and study within **1,000 acres of green space, modern labs and historic buildings, with culture and recreation on your doorstep.** A place that feels like home, Baylor's campus is located in the riverside city of Waco, Texas.

LIFE IN WACO

Waco is a mid-sized city in the heart of Texas. Nestled between Dallas and Austin, Waco has the amenities of a big city, including restaurants, shopping, water parks, museums and a zoo—all within the slower pace and "homey feel" of a smaller town. It truly is the best of both worlds.

Waco has welcoming Southern hospitality, vibrant culture and a beautiful setting on the Brazos River. There's also an endless amount of beautiful nature to enjoy—think river kayaking, hiking trails, picturesque cliffs and soaring views of Lake Waco.

With campus located conveniently near downtown Waco, you'll find plenty of interesting places to visit and fun things to do.

TOP PLACES TO VISIT

McLane Stadium, Cameron Park, Cameron Park Zoo, Waco Mammoth National Monument, Magnolia Market at the Silos

TOP OUTDOOR ACTIVITIES

Biking, Hiking, Canoeing, City Tours, Kayaking, Paddleboarding

AVERAGE TEMPERATURES

Annual High Temperature: 87.2°F / 30.7°C

Annual Low Temperature: 49°F / 9.6°C

Average Temperature: 67.7°F / 19.8°C

Baylor students, faculty and staff volunteer more than

150,000

hours of community service annually

The campus is located between two bridges crossing the Brazos river.

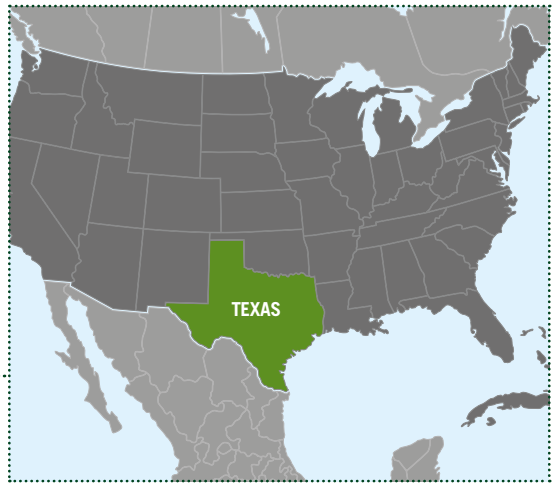

"I first applied to Baylor after one of my professors recommended Baylor to me. One of my dreams is helping developing countries through my talents. So my match would be the Baylor missions; I think it would be great if my talents can help those who need the help. Baylor heavily invests in research, and they provide supportive professors and advisors to grow my talents.

Andrew from South Korea
Studying MS Electrical Engineering

Our campus encourages students to engage in the Baylor community, invest in traditions, cultivate meaningful friendships, and explore their personal calling.

NEAREST BIG CITIES AND AIRPORTS

Dallas/Fort Worth International Airport (DFW)
90 minutes by car with nonstop flights to Dubai, São Paulo, Seoul, Shanghai, and many more international locations.

Austin-Bergstrom International Airport (AUS)
90 minutes by car with direct flights to locations throughout North America and Europe.

George Bush Intercontinental Houston Airport (IAH) 3 hours by car with nonstop flights to Beijing, Bogota, Rio de Janeiro, Taipei, and more international cities.

Highlighted Majors

HANKAMER SCHOOL OF BUSINESS

Baylor University's Hankamer School of Business has a visionary standard. Integrity stands shoulder-to-shoulder with analytic and strategic strengths. The school's top-ranked programs combine rigorous classroom learning, hands-on experience in the real world, a solid foundation in ethical values and a global outlook.

With business programs ranked #74 in the U.S., you can choose from a variety of undergraduate programs leading to career opportunities across all industries.

UNIQUE OPPORTUNITIES IN BAYLOR BUSINESS PROGRAMS

The Center for Professional Selling
You can learn from one of the premier global information resources for the sales profession with a 100% internship placement rate.

Sports, Strategy and Sales (S3)
Within the Marketing major, the S3 focus is one of the only programs in the U.S. preparing students for careers on the business side of professional sports.

Entrepreneurship and Corporate Innovation
Baylor's Top-10 Entrepreneurship program gives you the chance to apply what you learn in the classroom to real-world business problems and opportunities, like participating in the Baylor New Venture Competition.

This competition hosted by Baylor showcases business ventures from student entrepreneurs around the world and offers professional development, access to industry experts and mentorships, and a chance to compete for over $250,000 cash prizes.

Business Programs

Baylor University has a national reputation as a top-tier research institution

SCHOOL OF ENGINEERING AND COMPUTER SCIENCE

Baylor's School of Engineering and Computer Science offers nationally ranked programs in computer science, engineering or informatics for both undergraduate and graduate students.

The school prepares students for nearly endless career opportunities by balancing theory and practice, while maintaining rigorous high standards, emphasizing quality teaching and a high level of interaction among faculty and students.

Computer Science
Choose from a wide variety of undergraduate degree programs in high demand by employers around the world including:

Bioinformatics, BSI – a blend of Computer Science and Biology, an excellent choice for students planning to enter a medical profession

Data Science, BSI – focuses on data management and analysis in the digital age

Computer Science, BSCS – choose to study a broad range of topics or a concentration in Cybersecurity or Software Engineering

Engineering
If you are interested in a highly sought-after Engineering degree, Baylor has options for both undergraduate and postgraduate students.

Engineering, BSE – A core Engineering program offering concentrations in biomedical, environmental, geo/petro, or humanitarian engineering

Engineering, Interdisciplinary, MENG – A flexible program centered in Engineering combined with additional courses in Business, Mathematics, or other subjects of interest

Electrical and Computer Engineering, BSECE, MSECE (New!) – Graduates have a wide range of exciting career options in areas including renewable energy, wireless communications and radar, robotics, advanced computing, artificial intelligence (AI), electronic materials and devices, medical and space applications, sustainable transportation systems including electric and hybrid vehicles and aircraft, and more.

Mechanical Engineering, BSME, MSME (New!) – Become an innovative problem-solver and gain technical, communication and teamwork skills to succeed in your chosen career.

"By interacting with the students, I give them advice, not only related to research but for their future career development. For example, I ask the students to work hard to develop a good work ethic, and to explore different things outside their research area, and to talk to different people. Not only do they need to focus on their own research interest, but they should also talk to students from mechanical engineering, for example."

Dr. Yang Li, Associate Professor in Electrical and Computer Engineering

Baylor International Study Center

The International Study Center (ISC) **supports ambitious international students** who want to pursue a degree at Baylor University. You will take academic courses along with your English studies and progress fully to your chosen degree when you successfully complete your pathway program. You'll be a part of the Baylor experience from day one while receiving extra support to prepare you for the challenges of a Baylor education and a successful future.

WHY STUDY A PATHWAY PROGRAM?

Guaranteed Progression

Upon successful completion of your program, benefit from guaranteed progression to your degree with the confidence you need to succeed.

Graduate in the Same Amount of Time

Earn credits during your pathway, receive personalized support and graduate at the same pace as a direct admit student.*

*Depending on English language entry point

Competitive Entry Requirements

If your GPA or English scores do not meet the direct admission requirements, our program lets you earn academic credits while building your skills.

Prepare for Your Future

Benefit from small class sizes, personalized feedback and tailored learning. Grow from each other's experiences and perspectives and progress with a broader outlook on the world, ready for success.

Support at Every Step

From day one, your personal Student Advisor is here to support you on every step of your journey, from enrolling in classes to transitioning into the next phase of your studies.

Increased Career Prospects

We bring lessons to life with real-world experiences. You will immerse yourself in your chosen subject and learn how to build your career with activities like networking, résumé writing and practicing interviews.

A Diverse Community

Make new friends and become part of a community of U.S. and international students from day one.

Learn alongside American and other international students.

#15

Best First-Year Experiences

U.S. News & World Report, 2022

Your Path to a Baylor Degree

You want a top education — we want to help you get there. We offer a variety of options to help you start your journey to a Baylor degree, depending on your own unique circumstances.

UNDERGRADUATE

Global Direct
This one-semester program is exclusively designed for international students who meet the English language entry level for Direct Entry but who have a 2.5-3.0 GPA. You will earn up to 15 Baylor credits and will benefit from being part of a supportive and fun international student community from day one. Upon successful completion, you can progress to studies in your undergraduate degree of choice.

International Year
If you need to raise your English level, and your GPA too, you can spend one or two semesters in the International Year. We also offer a three-semester option, which is perfect if you need to raise your English language level further. You'll take English courses alongside academic courses, so you're integrated into the university from the start. Plus, you'll earn credits toward your degree at the same time.

ENGLISH FOR UNIVERSITY STUDIES

If you have not taken an English entrance exam or you do not meet the English language entry requirement for undergraduate direct admission, you may enroll in English for University Studies (EUS), an 8- or 12-week program that will help you improve your English skills. By successfully completing EUS, you will be guaranteed direct admission to Baylor University.

GRADUATE

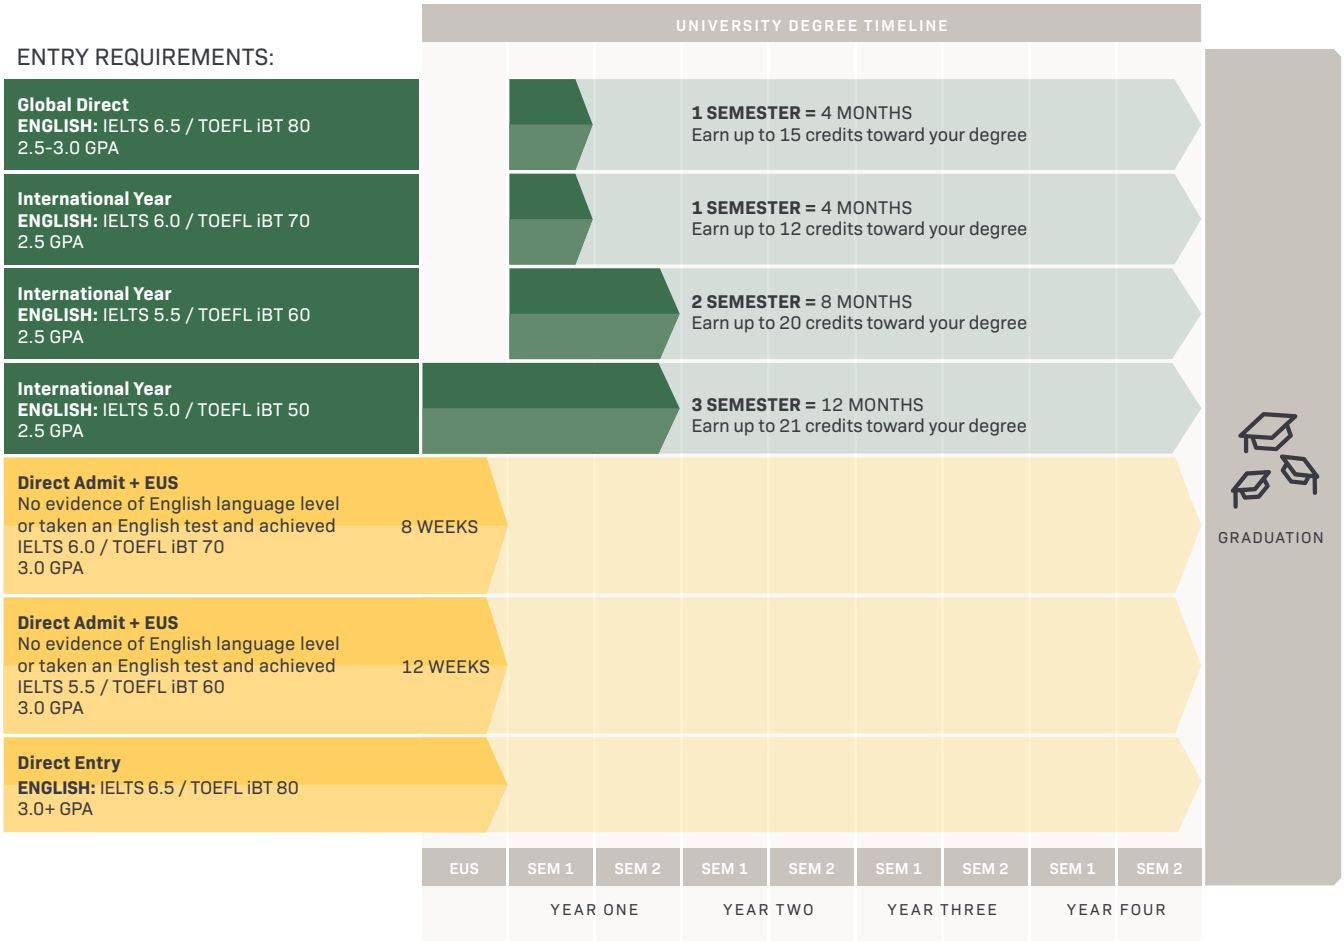

Master's International Year
If you need to raise your English level, you can spend two semesters in the Master's International Year. These two semesters are taught jointly between the International Study Center and the University. You'll take English courses alongside academic courses, so you're integrated into the university from the start. Plus, you'll earn credits toward your degree at the same time.

DIRECT ADMISSION

Students whose English language scores and academic background meet Baylor's direct entry requirements may apply for direct admission to the university.

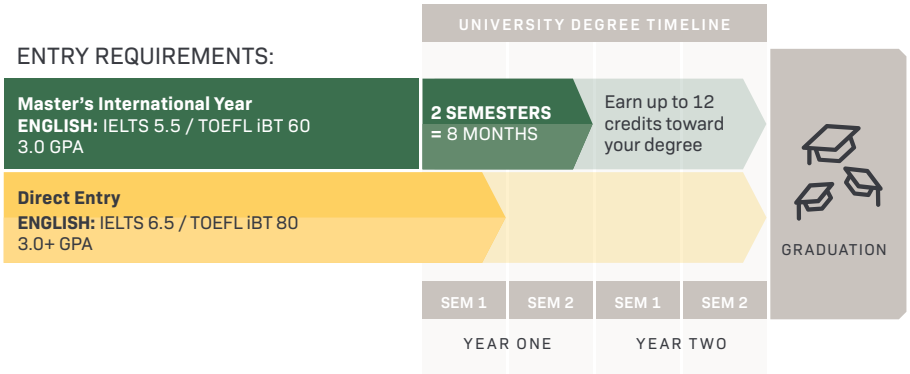

UNDERGRADUATE STUDY OPTIONS

GRADUATE STUDY OPTIONS

Engineering, Electrical and Computer Engineering, Mechanical Engineering

Life as a Baylor Bear

Our beautiful campus is at the heart of student life. All students are known as 'Baylor Bears,' and you'll be part of this **caring and active community** from the day you arrive.

LIVING ON CAMPUS

All first-year students live in residence halls on campus for one academic year. This helps you to settle in, meet other students and become an active member of the community. Dining halls, classrooms, libraries and other facilities are located on-site. Some Baylor faculty also live on campus, providing a high level of academic, spiritual and emotional support.

The **Baylor men's basketball team** brought home victory as the NCAA **National Champions in 2021.**

#1
Baylor Men's Basketball, 2021 NCAA National Champions

350+
student clubs and organizations

The McLane Stadium is a **$266 million facility** that is not just home to Baylor Bears football. It's also the location for **world-class entertainment** events and other activities.

BAYLOR TRADITIONS

Baylor is known for its strong school spirit and traditions. These bring everyone together to celebrate the University's heritage. Annual highlights include the Baylor Line tradition, the Homecoming parade and the Day of the Bear festivities.

ACTIVE STUDENT LIFE

There are more than 350 clubs and organizations to be part of at Baylor, from rock climbing, rowing and theatre, to academic clubs, faith groups, and sorority and fraternity life.

SPORTS SUCCESS

Baylor's fantastic sports facilities include a riverside stadium, a golf facility, indoor tennis courts, and an equestrian center. The University's 19 sports teams are an important part of community life — they compete at the highest level (NCAA Division 1) and are cheered on by the rest of the Baylor Bears.

SAFETY AND SECURITY

Baylor University has its own police department on campus. This helps students, professors, and faculty stay safe and secure, whether they study, work, or live on campus.

BU Campus Guardian - Mobile safety app to connect you directly with emergency services on campus.

Emergency Call Boxes - 233 call boxes and emergency telephones across campus.

Video Surveillance and Monitoring- More than 1,400 cameras on campus monitored and recorded 24-hours a day.

Baylor Police Department & Waco Police Department- Baylor has their own police and emergency personnel located on campus with Waco Police Department within 1 mile of campus.

3-Time National Champions
The Baylor women's basketball team won the program's **third NCAA championship in 2019**. Baylor's women's basketball program has won the **third most national championships** among all U.S. universities in the USA.

How to Apply

If you would like to apply to study at Baylor University, you need to complete an application form and submit the relevant documentation.

We will answer your questions and help with your application. We speak a variety of languages and understand several more. We will do our best to contact you in your preferred language.

This brochure is issued for the general guidance of students considering entry to the Baylor University International Study Center (ISC) from 2022.

The information is correct at the time of going to press, and the programs and services described herein are those which Study Group is planning to offer. However, Study Group reserves the right to amend, add or remove any program and/or services set out in this brochure and/or the timetable, delivery, content syllabi, and assessment of such programs.

The University (where applicable) also reserves the right to amend the regulations governing those programs without prior notice. Study Group therefore strongly recommends that immediately prior to making any application to Study Group or accepting any offer from Study Group, students should refer to the most up-to-date version of the program descriptions and specifications and the regulations on the Baylor University ISC website.

Study Group also reserves the right to make variations to the content and method of delivery of the programs and services, to discontinue programs and services and/or to combine and merge programs, if such action is reasonably considered to be necessary by Study Group. Applicants to Study Group programs will be notified as soon as practicable of any material changes likely to have a bearing on their applications, such as cancellation of, or major modification to programs offered, changes to accommodation provision, or fees and charges to be levied where applicable. Neither the University nor Study Group shall be liable for any errors or omissions that may be contained.

The Baylor University ISC is part of Study Group, a global leader in preparing students for international academic success and rewarding careers through a life changing learning experience. We offer customized programs across higher and language education, starting from high school to life-long learning. To learn more, please visit studygroup.com
