US NEWS & WORLD REPORT, 2022

WELCOME TO THE UNIVERSITY OF HARTFORD

If you are career-focused and community-minded, the University of Hartford is a great choice. Learn in a supportive community on a beautiful campus in the USA. Experience new opportunities and make friends for life as you earn a degree at a university with a difference.

Bring Your Passion

Student success at the University of Hartford (UHart) is driven by the strong relationships built between students and teachers. Here, you will learn from inspiring faculty members with years of experience in their fields. An 8:1 student to faculty ratio provides an engaging and productive learning environment.

Make Your Mark

The University's central values of inclusivity and diversity make it a rewarding and engaging place to study, with a friendly and engaged student body. There is so much to get involved with on campus, with more than 100 student organizations and clubs, and a huge range of facilities.

Find Your Path

The University of Hartford is dedicated to producing employable graduates. In addition to having a central location between New York City and Boston, Hartford is located in Connecticut, the insurance capital of the world. It's home to Fortune 500 companies like Aetna, Eversource Energy, Hartford Financial Services, and nearby United Technologies Corp. More than two-thirds of undergraduate students complete an internship during their time at the University of Hartford.

100%

OF UNDERGRADUATE BUSINESS STUDENTS COMPLETE AT LEAST ONE INTERNSHIP

72%
OF GRADUATE STUDENTS COMPLETE AT LEAST ONE INTERNSHIP IN THEIR MAJOR FIELD OF STUDY

FOCUSED ON YOUR SUCCESS

The University of Hartford offers an unforgettable student experience, due to its fantastic campus and energetic student organizations. With small class sizes, your professors will get to know you and will help you reach your goals.

Career Support

With easy access to big cities like New York City and Boston, as well as local partnerships with innovative businesses like Aetna, KPMG, and PricewaterhouseCoopers, you will be in an ideal location for career success when you enroll at the University of Hartford.

The Office of Career and Professional Development will help you start your professional career. Our Career Peer Mentors can help with résumés, cover letters, and general job-related questions, and we offer many professional development opportunities to help you prepare for a job search. This support, along with a Career Ready focus in your chosen degree program, will strengthen your path toward success.

LIFE AT UHART

When you arrive at the University of Hartford, students are welcomed into an inclusive community where they can explore and are encouraged to pursue their dreams.

Student Life
Students are encouraged to get involved and meet each other through extracurricular activities. The University of Hartford's reputation for excellent student engagement starts with its 100+ student organizations, including academic clubs, multicultural groups, and philanthropic societies.

Welcome to UHart Hub
Getting involved on campus is your gateway to success! Our online portal, UHart Hub, will help you get involved and have a complete UHart experience. We are ready to help you find featured events, organizations, and involvement opportunities.

Your New Home
All full-time undergraduates must live in on-campus housing and participate in a meal plan during their first two years at the University. IPP students live on campus in Neighborhood Housing alongside other international and domestic students. Our residence halls are located within easy walking distance of all UHart facilities and services, and have access to a study lounge and laundry facilities.

You will be paired with a roommate in a double room that includes an extra-long single bed with bedding and towel, desk with chair, and wardrobe/closet.

Graduate IPP students can live in newly renovated graduate apartments with single bedrooms, bathrooms and shared living spaces. Apartments come mostly furnished and include all utilities, WiFi, heat and air conditioning.

Student Support
The Center for Student Success helps students transition into their first year with academic and personal guidance, including one-on-one tutoring and support in study skills, mental health and wellness, career exploration and internships, financial aid and scholarships.

UHART'S BEAUTIFUL CAMPUS

Located in West Hartford, the scenic 350-acre campus is surrounded by green spaces and wooded trails. The University is only two hours from Boston, New York City, and the beaches and mountains of New England.

Everything on Your Doorstep
Our seven academic schools, accommodation, health services, study spaces, libraries, arts venues, and galleries are all on one campus.

Dining Options
There is a range of food outlets on the University of Hartford's campus, from pizza and burger restaurants to health food and international options.

Campus Safety
The University of Hartford is a peaceful place to study, taking steps to ensure your safety at all times. The Department of Public Safety —on the northeast side of campus— is available 24 hours a day.

Arts and Music
The Hartford Art School Galleries feature exciting works by international and national artists in state-of-the-art exhibition spaces. The Hartt School produces more than 400 instrumental and vocal performances, master classes, dance performances, and plays, among others, each year.

Sports and Recreation
Our campus sports facilities provide plenty of opportunities to try something new, continue existing hobbies, or support your fellow students. Watch a basketball or soccer game with friends or head to the Sports Center to work out or swim.

U.S. NEWS & WORLD REPORT, 2021-2022

WELCOME TO WEST HARTFORD

The University of Hartford is located in West Hartford, Connecticut. West Hartford is a laidback and leafy suburb with historic 19th and 20th century architecture, beautiful parks and independent coffee shops. If you want the big city experience, the University of Hartford is a two-hour drive from both New York City and Boston, Massachusetts.

HARTFORD IS THE INSURANCE CAPITAL OF THE WORLD

3.33 GPA

THE AVERAGE ACADEMIC-COURSE GPA FOR IPP STUDENTS DURING THE 2019-2020 ACADEMIC YEAR

People—faculty here or students here—they don't judge you, who you are. They are all very kind and friendly to you. I feel comfortable here. And I really like being a member of the University of Hartford.

INTERNATIONAL

PATHWAY PROGRAM

The International Pathway Program (IPP) is open to students who need to strengthen their English skills before studying a degree program in the USA.

Each semester you will take a combination of Hartford academic courses (credited) and English courses (non-credit). Course options are dependent upon the required pathway. Once you have reached the required English level, you can progress to your program at the University of Hartford.

Program Offerings

Undergraduate

- International Year and Direct Admission

Graduate

- Master's International Year and Direct Admission

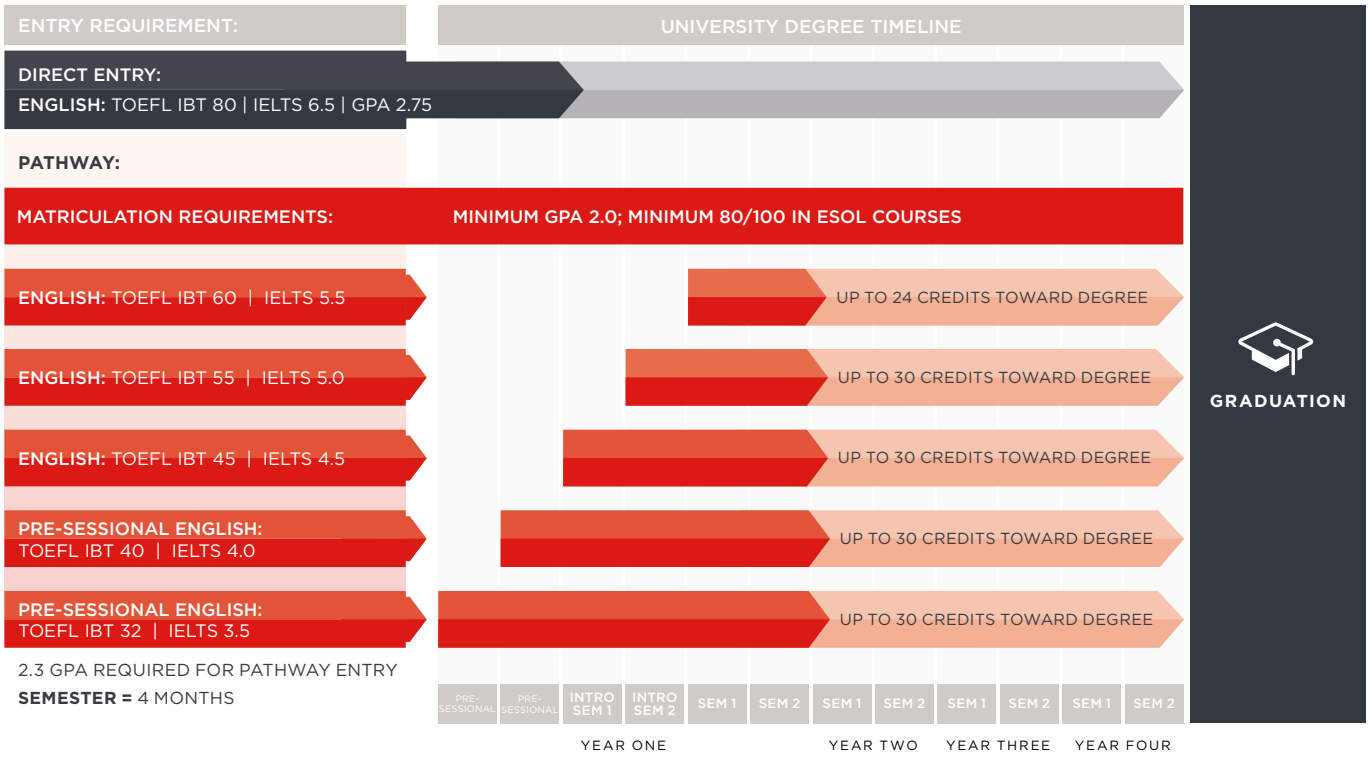

English for University Studies

If you have not taken an English entrance exam or you do not meet the English language entry requirement for direct admission, you may enroll in English for University Studies (EUS), an 8- or 12-week program that will help you improve your English skills. By successfully completing EUS, you will be guaranteed direct admission to the University of Hartford.

IN ENGINEERING PROGRAMS

U.S. NEWS & WORLD REPORT, 2022

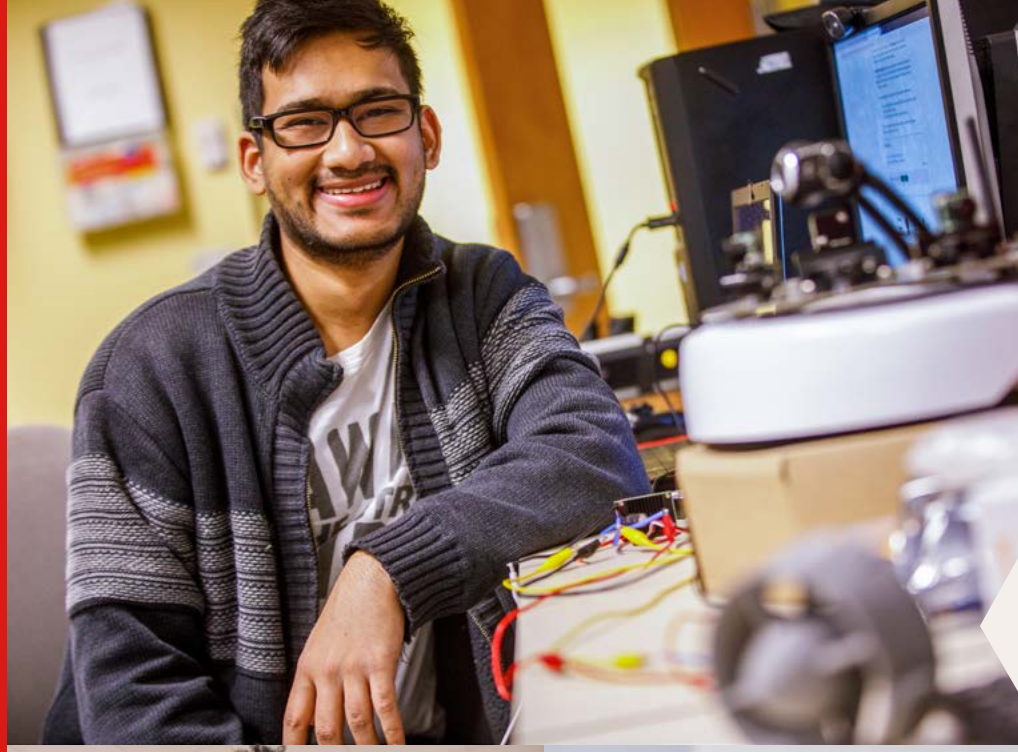

THE HURSEY CENTER: ADVANCING ENGINEERING AND HEALTH

The Francis X. and Nancy Hursey Center for Advanced Engineering and Health Professions opened in 2021 and is a 60,000-square-foot academic building that houses new, specialized, and technology-rich facilities for the College of Engineering, Technology, and Architecture (CETA) and the College of Education, Nursing and Health Professions.

The Hursey Center is home to innovation, hands-on learning, and career preparation, as our many laboratories and classrooms feature areas for robotics, 3D-printing, high-bay mechanical engineering, cybersecurity, and health professions, as well as research and maker spaces.

DEGREES FOR IPP & DIRECT ENTRY

The University of Hartford's seven schools offer a wide variety of majors. In your final semester of the International Pathway Program, you will be introduced to your academic advisor for your major. This advisor will help you plan the rest of your degree program beyond the IPP. If you qualify for direct entry to your program, you will work with an advisor from day one to set your schedule.

*STEM-Designated Degree: Completing one of these programs may qualify you to extend your post-graduation stay in the USA through optional practical training (OPT). You should speak with your UHart advisor to confirm that your program is a STEM-designated degree.

DEGREE PROGRAMS

The University of Hartford offers more than 100 degree programs across seven schools and colleges. With a wide variety of programs to choose from, undergraduate and graduate students can explore their interests with the guidance of expert faculty and professionals and prepare for their future careers.

Highlighted Degrees

Accounting BSBA

With the Accounting Bachelor of Science in Business Administration (BSBA) degree, students learn the basics of accounting theory and practice while exploring how accounting connects to other business fields like financial analysis, operations management, and information technology.

Required courses include

- Financial Reporting Theory I-III
- Cost Management
- Auditing Concepts and Problem
- Internship in Accounting

Students graduate with the knowledge needed for their first accounting jobs and for the Certified Public Accountant and Certified Management Accountant examinations.

AUERBACH HALL: HOME FOR BUSINESS

Much like the Barney School's ever-evolving curriculum, the facilities keep pace with the needs of our students, providing state-of-the-art, high-tech learning spaces that match today's modern business world. In 2019, a 10,000 square-foot addition was built for Auerbach Hall, creating a new trading floor, analytics lab, and collaboration spaces. Additionally, the Barney School of Business partnered with Fortune 500 company Stanley Black & Decker to create a beautiful new commons area for students to study, meet in teams, and network.

Business Administration MBA

The Master in Business Administration (MBA) prepares students to work in a variety of successful careers within large corporations, family-owned businesses, and not-for-profit organizations. The MBA program at the University of Hartford consists of 12 courses (36 hours). Students take 9 required courses in business disciplines and 3 courses in their chosen concentration.

There are 9 concentrations to choose from:

- Accounting
- Business Analytics
- Finance
- Healthcare Management
- International Business
- Management
- Marketing
- Project Management
- Supply Chain Management

The MBA is ranked #3 for largest MBA program in Connecticut (Hartford Business Journal).

Business Analytics MS

The Business Analytics Master of Science (MS) program is a STEM Designated Degree Program in which students may be eligible to extend their visas upon graduation through Optional Practical Training (OPT). This MS program is designed to give students a strong understanding of the fundamentals of analytics so they can advance their careers in the growing "big data" business culture. It is a 30-credit hour program consisting of 7 core courses, 2 electives, and an application-based, broadly integrated, capstone course.

Sample courses include

- Strategic Business Analytics
- Data Visualization
- Predictive Modeling

The University of Hartford's Barney School of Business is named a Best Business School by The Princeton Review (2021).

Architectural Design + Technology BS

The Architectural Design & Technology BS program is a STEM Designated Degree Program in which students may be eligible to extend their visas upon graduation through Optional Practical Training (OPT). This undergraduate degree prepares students for a variety of careers in architecture and construction.

Sample courses include

- Building Systems for Architectural Design
- Architectural Computer Modeling and Rendering
- Design of Steel Structures for Architectural Design
- Construction Management

Students have recently interned at NASA, Pratt & Whitney, and Turner. Top employers include Crosskey Architects, FIP Construction, Tecton Architects, and Walt Disney Imagineering.

Acoustical Engineering and Music BS

The Acoustical Engineering and Music BS degree is a unique combination of engineering and music, delivered by the College of Engineering, Technology & Architecture and The Hartt School. The program teaches students about the science of sound and how it is produced, how it travels, and how it can be detected. Students are prepared to enter graduate school or pursue professional careers in Audio Engineering, Architectural Acoustics, Musical Acoustics, Noise Control and Sound Quality, and Bio-Engineering.

The Class of 2019 had 100% job placement (or graduate school acceptance) following graduation from Acoustical Engineering & Music BS and Mechanical Engineering (Acoustics Concentration) BS programs.

THE HIGHEST LEVEL OF ACCREDITATION

ASSOCIATION TO ADVANCE COLLEGIATE SCHOOLS OF BUSINESS (AACSB)

Instrumental Performance, BM & MM

The Instrumental Performance Bachelor of Music (BM) degree is a comprehensive program designed for the student whose goal is to be a professional performer. Students can choose to focus on performance concentrations in guitar, instrumental, or piano. Students will learn contract negotiation, making a recording, stage presentation, preparation for orchestra auditions, and repertoire selection.

Courses include

- Communicating with an Audience
- Building a Music Career
- Orchestral Repertoire Class

Graduate students participate in many performance, educational, and professional development opportunities. An emphasis in Suzuki Pedagogy is available, led by internationally acclaimed Suzuki Association of the Americas (SAA) teacher trainers. Instrumental Performance graduate students may concentrate in any of the following instruments: Bassoon, Cello, Clarinet, Double Bass, Euphonium, Flute, Guitar, Oboe, Harp, Percussion, Piano, Saxophone, Trombone, Tuba, Viola, Violin.

Courses include

- Analysis for Performance
- Major Instrument Instruction
- Recital

Students in the English Language Institute (ELI) or International Pathway Program (IPP) may start taking music lessons at the beginning of their ELI or IPP coursework.

Vocal Performance, BM & MM

The Vocal Performance BM degree prepares students for careers as professional performers or vocal teachers or to pursue graduate school. All vocal students study privately with a member of The Hartt School's eminent vocal faculty, working on technique and repertoire. The work put into private practice, weekly coaching and seminars, and voice lessons culminate in performance of the Undergraduate Recital Series, fully staged operas, and choir concerts.

Courses include

- Vocal Study (32 credits of applied voice lessons)
- Opera Performance
- Ear Training

The graduate program from Vocal Performance is designed for mature students with advanced vocal training and academic study in preparation for careers as professional performers and teachers. The degree includes solo opportunities in choral and orchestral concerts.

Courses include

- Private Voice Instruction
- Vocal Coaching
- Vocal Literature

The Graduate Vocal Seminar prepares pre-professional students to audition for young artist programs, operas, and oratorio concerts, as well as performances in two graduate recitals per year.

ELI and IPP students may start taking music lessons at the beginning of their ELI or IPP coursework.

Music Management BM

The Music Management BM degree prepares students to pursue careers in music and business. Playing an instrument or being a vocalist is required for entrance into this program. Students can choose classical, jazz, or commercial music concentrations. The curriculum includes training in music theory, piano and keyboard, and music history, as well as weekly one-hour lessons and coaching sessions with teachers in the performance area, in combination with arts management and business courses to give them career-ready skills to enter the industry. An internship is required as part of this program.

Students have recently completed internships at Jim Henson Studios, the American Ballet Theatre, Blue Note Records, The Newport Music Festival, and Gamelon and Sony Records.

HARTT RECORDING STUDIO

The Hartt Recording Studio is a professional-quality audio studio found on UHart's campus and available to students and the Greater Hartford community. Many students work in the studio as they major in Music Production and Technology. Every year, staff record more than 400 performances for The Hartt School, among other projects.

This brochure is issued for the general guidance of students considering entry to the University of Hartford International Pathway Program in 2022.

The information is correct at the time of going to press, and the programs and services described herein are those which Study Group is planning to offer.

However, Study Group reserves the right to amend, add or remove any program and/or services set out in this brochure and/or the timetable, delivery, content syllabi, and assessment of such programs.

The University (where applicable) also reserves the right to amend the regulations governing those programs without prior notice. Study Group therefore strongly recommends that immediately prior to making any application to Study Group or accepting any offer from Study Group, students should refer to the most up-to-date version of the program descriptions and specifications and the regulations on the University of Hartford International Pathway Program website.

Study Group also reserves the right to make variations to the content and method of delivery of the programs and services, to discontinue programs and services and/or to combine and merge programs, if such action is reasonably considered to be necessary by Study Group.

Applicants to Study Group programs will be notified as soon as practicable of any material changes likely to have a bearing on their applications, such as cancellation of, or major modification to programs offered, changes to accommodation provision, or fees and charges to be levied where applicable.

Neither the University nor Study Group shall be liable for any errors or omissions that may be contained.

The University of Hartford International Study Center is part of Study Group, a global leader in preparing students for international academic success and rewarding careers through a life-changing learning experience. We offer customized programs across higher education, starting from high school to life-long learning.
